

STGBX-Access 40

STGBX-ACCESS 40 x 14 x 2

RAMTECH INDUSTRIES INC

MADE IN USA

54 Input or 40 with 14 Returns

- 1-40 female xlr's with ground lift switches
- 41-54 male and female xlr's for input or return
- Two Ramlatch RAMX025 multi-pin outputs for main and monitor consoles
- All xlr's are highest quality Neutrik brand connectors (black and gold available upon request)
- Premium quality isolation transformers available in 1:1 and 1:2 ratios

This unique Access Series stagebox features 40 channel input via female xlr's with ground lift switches. 14 Channels (41-54) have female and male xlr's used for either input or return providing an extremely flexible stage input scenario where up to a total of 54 inputs are possible.

Two Ramlatch RAMX025 multi-pin outputs ensure a robust connection to main and monitor consoles.

This is a 10 rack space fully enclosed box.

A different variant of this stagebox is available as the STGBX-ACCESS48x6x2.
