

SNK-CPC

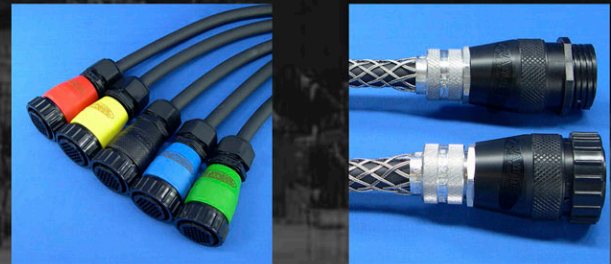

RAMTECH INDUSTRIES INC

MADE IN USA

12 Channel CPC Multi-Pin Snake

- Heavy duty machined backshells
- Hubbell™ water tight compression fitting standard
- Backshells available in black, blue, red, green and yellow
- Shatterproof
- Available with Kellems™ grips (as an upgrade)

We combined the CPC backshell and extension into one extremely durable shell that is available in five colors.

The new machined backshell now comes standard with a Hubbell™ water tight compression fitting, or the compression fitting with Kellems™ grips combination (optional).

CPC snakes are in a 12 pair format with part numbers that reflect cable configuration and length. Ramtech's standard pinout for this product would be sockets to pins (female to male). Classic CPC backshells and extensions are still available on all assemblies.
