

STGBX-54

RAMTECH INDUSTRIES INC

MADE IN USA

54 Input Stagebox

- 1-48 female xlr's with dual ground lift switches
- 49-54 male and female xlr's
- Five CPC sub-inputs channels grouped 1-12, 13-24, 25-36, 37-48, 49-54
- Three Ramlatch RAMX025 multi-pin outputs for main, split 1 (monitor), and split 2 (record)
- All xlr's are highest quality Neutrik brand connectors (black and gold available upon request)
- Premium quality isolation transformers available in 1:1 and 1:2 ratios

The Stagebox 54 is a main stage input panel consisting of 1-48 female Neutrik xlr's with channels 49-54 being both male and female Neutrik xlr's allowing for tie-lines or returns. All connectors feature dual ground lift switches to provide the option of lifting the ground on split 1 (monitor) or split 2 (recording) consoles.

The 5 CPC sub-inputs channels are grouped 1-12, 13-24, 25-36, 37-48, 49-54 and three RAMX025 Ramlatch multi-pin outputs for main, split 1, and split 2 ensure a robust connection every time.

This is a 15 rack space fully enclosed box.
